"The Reason for the Season"

Fifty ISD Middle School students attended the Hendricks County Civic Theater's production of "The Reason for the Season" on Thursday evening, December 3rd. Eleven-time Indianapolis 500 driver Johnny Parsons and his wife Kitty guest-starred in the production. Proceeds from the show will be donated to ISD. Thanks to interpreter Sharon Armstrong for her assistance in coordinating this special event through ISD's Visitor and Information Center.

Toni Young Wins Special Appearance by Bill Brooks

Bill Brooks, #80, wide receiver for the Indianapolis Colts, made a special visit to Elementary Department Toni Young's class on Tuesday, December 2nd. Toni was selected because of her continued support of the Indianapolis newspaper school program. After a private conference with her class, all elementary students were able to watch Bill Brooks as he delivered an inspiring motivational speech about the importance of education and reading.

CSHCN Changes

The Indiana State Department of Health's Children's Special Health Care Needs Program (formerly Crippled Children's Program) director, James Ladd, has announced plans to "operate the CSHCN Program effectively and increase accountability." It was recently discovered that some providers had submitted bills for services performed as long ago as 1989. Ladd has established a "grace period" for submission of tardy bills. After April 1st, 1993, only claims with dates of service within the previous twelve months will be accepted. For further information Ladd may be contacted at (317) 633-8522 Voice, (800) 553-6024 TTY.

Say Yes to School, Say No to Drugs Rally

Suzanne Guimond, Residential Advisor and Peer Advisor Coordinator, supervised cooperative team building among six middle school and three high school students who worked together in the evenings to design a banner for the Say Yes to School, Say No to Drugs Rally.

The group, along with hundreds of other students from area public schools and members of the Indianapolis Colts, attended the rally at the Hoosier Dome on Tuesday, November 24th. It was an exciting and entertaining morning.

VIC Director Kathy Smith expressed her appreciation for the students, saying they were "excellent representatives of ISD."

Their banner displayed a powerful message. It is now hanging near Middle School Supervising Teacher Jerry Thixton's office, Alumni Hall Room 137.

George Perry and Chris Fetzer were interpreters for the rally. "Their interpreting skills were really challenged with songs and even a ventriloquist, but they did a Super Job! Special thanks to Suzanne, who provided the leadership and support to bridge school and dorm activities. Thanks to all for the team effort!", Smith said.

Student Employee of the Week

Jamie Carr works at Eli Lilly and Company in the Printing Automation Services department. He started very early in the year, beginning his work assignment the second week of school. Jamie is responsible for a variety of printing services. He uses high-tech printers and copiers to duplicate office memos, bulletins, posters, business cards, and other high-volume material for all departments at the Corporate Center. Jamie works with John Kimball, a Deaf employee with many years experience in this department. Jamie works well with his hearing co-workers also. Jamie is learning the importance of accurate and precise work when working for a large corporation whose professional image is essential. He signs his name to all work when completed and feels a sense of ownership and pride in doing a good job.

Congratulations to Jamie for being named Student Employee of the Week.

ISD's New Rent-to-Own Hearing Aid Program

In an effort to provide consistent, equitable, up-to-date services for all ISD students, the Family Services Center's Audiology Clinic has established a rent-to-own program for hearing aids.

Students will continue to be provided "loaner" hearing aids for short-term use when their personal aid is being repaired or for a short trial period. Those students who request long-term use of a school aid will be provided appropriate amplification for a small fee.

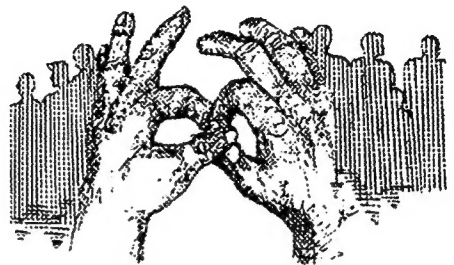

A \$50 fee will be assessed each semester (or summer). The funds will be placed in a school account and when a student's account has reached the amount necessary for the purchase of a new aid of the same make and model (or an updated version) an aid will be purchased through one of the distributors used by ISD.

For further information contact ISD Audiologists:

- Sheryl Whiteman, 924-8416 ext. 159 TTY/Voice (Preschool/Elementary)
- Linda Charlebois, 924-8416 ext. 164 TTY/Voice (Middle School/High School)
